

October 20th, 2020

Dear Ross Families,

At Ross Elementary, we strive to provide quality learning opportunities for all students, engage parents in student learning and provide meaningful professional learning for the teachers and staff at our school so that they are equipped to help students achieve more.

Ross Elementary is a Title 1 school. This means that we are eligible for federal funds for the purpose of improving student achievement. The primary goal of Title 1 services is to increase academic achievement for all of our students in the areas of reading and math, and to involve parents in reaching this goal.

Each year, we create our school improvement plan as well as our parent and family engagement plan which outlines various opportunities for families to participate in the education of their children. We welcome parents and guardians as participants in the development of our Title 1 plans. If this is something that you are interested in, please reach out to me for additional information and to learn about ways that you can assist.

We are fortunate to be able to serve students at Ross Elementary through the Title 1 program and we will work hard to ensure that students and families are given ample opportunities and resources to support and promote student success. Throughout the year, teachers and the school will provide you with information and opportunities to participate and I would like to encourage you to please take advantage of those offerings.

Should you have any questions about our Title 1 program, or would like to provide feedback as to what would be beneficial to offer to students and families through Title 1, please feel free to contact me at mlschmidt@kunaschools.org or by calling the school at 208-922-1011.

Thank you for your continued support.

Your partner in education,

Mysti L. Schmidt

Principal, Ross Elementary
